

# Guardianship

State Endorsed Digital Identity SEDI | Utah

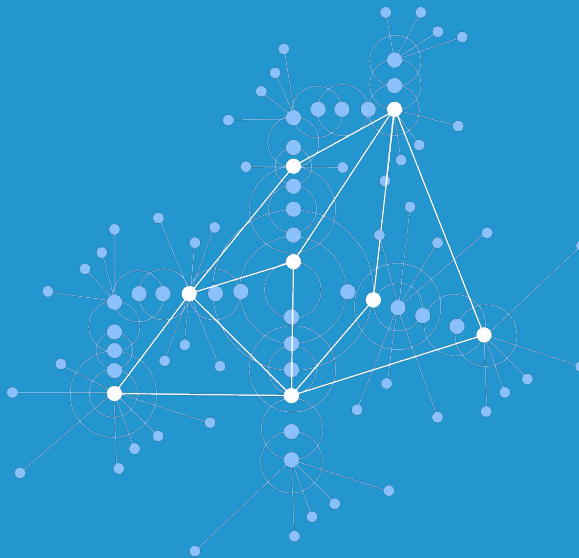

Digital World

Centralized Systems

Decentralized Systems

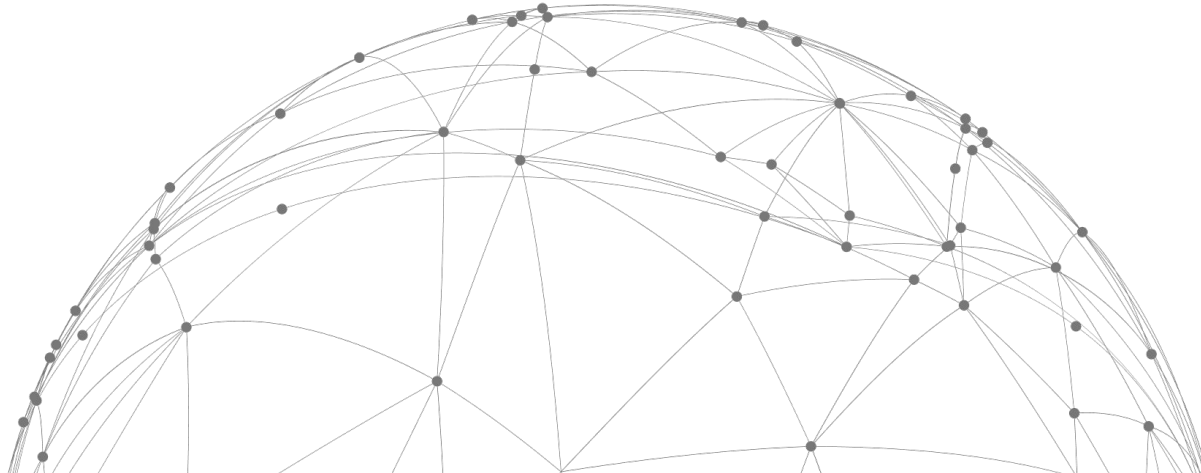

## Decentralization Is The Key

Shared risk.  
Individual choice.  
Skin in the game.

# Your **Life**, Your **Identity**, Your **Freedom**

The Digital World is the first global jurisdiction built for individuals, not governments or corporations. Through the Life App and Clear tools, you own your identity, your data, your wealth, and your future.

# Kingdom & Countries Pilots

United, as One World &  
One People we can do  
anything.

**Approved Contacts:** Family members allowed to receive or manage shared funds.

# Accounts

Displays all connected bank accounts (like BOA, Citibank, or Fidelity).

You can view balances, track growth, and use these accounts for payments or transfers to family members.

# Pay Bill Instantly

Easily pay vendors directly from your chosen account.

For higher payments, guardians can require co-sign approval for added security.

Schedule

## Linked Payments

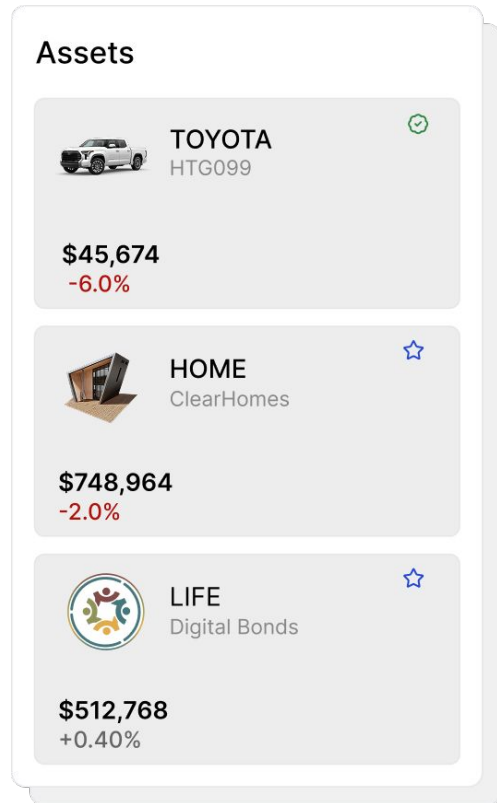

Grandparents can **schedule or pay bills directly** from linked bank accounts, no need to log into each service separately.

# Assets

Shows valuable holdings like **vehicles, homes, and bonds**.

Grandparents can monitor their value, manage ownership, and even assign or share them with their children when needed.

# Currencies

Lists all supported family digital currencies or tokens.

Grandparents can use them for secure digital payments, savings, or transfers within the family ecosystem.
